

Hey Flyers, we WON! 🏆

We are so proud to announce that the National PTA has recognized us as a 2022-2024 School of Excellence! We have achieved this honor for our accomplishments in building a strong, effective family-school partnership that is enriching the educational experience and overall well-being for all students. Franklin Elementary STEAM Magnet and Franklin Elementary PTA are one of a select group of PTAs and schools—fewer than 400 nationwide!—to be recognized with the designation. This is our THIRD School of Excellence win since 2019, a fact that speaks to our continued commitment to strengthen Franklin's school community through advocacy, programming and engagement opportunities.

We couldn't have earned this designation without the help of everyone in our school community. Thank you to the families that filled out our surveys, the staff, volunteers and our community partners that worked with us on our programming and advocacy, and the teachers and administrators who worked with us to honor and implement the National PTA's Six National Standards for Family-School Partnerships (<https://www.pta.org/.../run.../family-school-partnerships>). We'd also like to thank Franklin's students, who consistently embrace our programs and messages about community building with joy and enthusiasm.

We look forward to celebrating this win more over the course of the school year, while continuing the important work of building and strengthening a welcoming, inclusive, engaged school community. Keep your eyes out for our School of Excellence Winners banner, which will be on display at the school within the next week or so, and thanks again for your continued support of our PTA!
