The Superintendent or designee shall ensure that the district's administrative regulation and school site procedures for maintaining the confidentiality of student records are consistent with state and federal law.

The Superintendent or designee shall establish administrative regulations governing the identification, retention, and security of student records. These regulations shall ensure the rights of authorized persons to have timely access to student records and shall protect students and their families from invasion of privacy.

(cf. 3580 - District Records)
(cf. 4040 - Employee Use of Technology)
(cf. 5125.1 - Release of Directory Information)

The custodian of records shall be responsible for implementing Board policy and administrative regulation regarding student records. (5 CCR 431)
